POLICY ON ELECTRONIC COMMUNICATION AND CYBER-BULLYING

The responsibility for the use of computer, internet and electronic communications at home is ultimately borne by the parents. Parents are to be informed and updated of the uses and abuses of such communications, also making sure that they have the right programs and filters installed in order to minimise any harm that can be done to children through adult websites. Social network sites and chats need to be monitored by the parents. Parents are also responsible for seeking assistance from the Senior Leadership Team in case of difficulty. The school's IT Department is willing to offer the support needed once help is sought. However, when the abuse of websites and Social Network sites like Facebook, Twitter, MSN, YouTube and others, affect teachers, other students, classroom dynamics or the school itself, disciplinary measures will be taken.

- ✓ Talks about the good use of computers and Cyberbullying take place with students and parents per Grade.
- ✓ Social network sites and computer programs like Facebook, Twitter, MSN, YouTube and others shall be used for the right purposes. They shall not be used to exclude, make fun of or insult students or staff of the Stella Maris. The latter will be considered as Cyber-bullying which is considered as a major infringement of school regulations.
- ✓ Any photos or videos uploaded on the above websites and showing staff or students related to the school, school material, school property or the school uniform must be shown to the headmaster before being uploaded. Material can only be uploaded or released with the headmaster's consent.
- ✓ Students are not to communicate with teachers using the above Social Network sites or other sites available other than the teacher's school email. Students shall not ask teachers or Staff to be added or to join their network. Nor, shall they be in possession of teachers' mobile number or personal email addresses. **Respect of boundaries is trivial.**

CHILD PROTECTION POLICY

Child Protection refers to protection from abuse whether emotional, physical or sexual. The legal binding State policy in effect is The National Policy on Child Protection, issued in November 1999. The Document is available at the office of the Head of School. All staff at Stella Maris College are well informed on the latest policies of Child Protection in order to prevent students being harmed in their development. The policy of Pastoral Care at Stella Maris College pivots on care and sensitivity, hence, neglect should be reported.

Stella Maris College is also bound by the Policies of the Archdioceses of Malta. In this Policy, the term "Child" refers to any person under the age of 18. The school's designated person responsible for the "child" is the Guidance Teacher, accountable for the formulation and the follow up of Child Abuse and Child neglect reports. The Head of School is to be informed immediately when abuse or neglect is suspected.

The procedure that all members of staff follow at our College:

- ✓ Abuse is reported IMMEDIATELY whilst informing the student that we are legally bound to do so. A record is kept of the date and time when the abuse was reported together with all the concerns, stories or incidents reported.

- ✓ Parents are NEVER contacted unless instructed by the Child Protection Department in writing or when urgent medical treatment is needed. Any information may contaminate the process or might interfere with of evidence gathering.
- ✓ Students are explained to that we are duty bound by law to report and that this is for his protection. Information is kept confidential and all recorded material will be locked safely.

The school will report allegations to Child Protection Services by phone and then in written form.

SUBSTANCE ABUSE POLICY

In our education we work with students to be aware of the dangers of addiction. Since, these dangers cannot be always prevented, the College follows procedures as enacted in the National Policy for Substance Abuse, issued in September 2001.

http://education.gov.mt/en/resources/documents/policy%20documents/tackling_substance_abuse2.pdf

Signs of Possible Substance Abuse:

- The student is always tired in class;
- Reddening of the eyes;
- Extreme lack of focus or irritability;
- Spending a lot of time out of class;
- Student is asking for money.

Students have a right to a safe educational environment that is conducive to learning and promotes a healthy lifestyle. They also have a right to the protection from any forms of abuse.

It is therefore the obligation of all school staff to ensure a safe environment to students and to protect them from abuse. Substance abuse harms students threatens the safety of the environment and disrupts the educational process. Therefore, substance abuse is not tolerated in schools. It is the duty and obligation of school staff to take all necessary measures to prevent, curb and eradicate substance abuse in schools. The established disciplinary and criminal procedures are to be applied in cases of substance abuse in schools.

Any student abusing or suspected of abusing substances is to be offered care.

Several established disciplinary and criminal procedures are applied when the situation occurs. This can also be found on the above-mentioned link.

Healthy Eating Policy

In every teenage boy's school timetable, the words "break time" and "lunch" are always on their minds because as every parent and teacher knows, the hunger of a middle and high schooler is a subject unto itself. Therefore, we, at our College, think of lunch time as an important meal throughout the school day. It should therefore provide one third of the student's daily allowance of nutrients without being high in fat, sugar and salt together with providing a dietary fibre.

We are all aware that teenage years are when kids start to exert more control over what they eat, which makes guiding them towards the right choices all the more difficult. It is worth reminding your teenage boys that eating well not only helps them to perform at their best, but it's key for looking and feeling fabulous. Hence, the key to carrying lunch to school for a teenage boy is to keep him energised throughout the day.

Encourage older boys to eat a balanced lunch full of vital vitamins and minerals - essential for looking and feeling great...

This is the slogan we have selected as a College for our scholastic year of 2020/ 2021. In our College, students eat twice a day. We encourage parents and guardians to prepare enough lunch for **both** breaks...a small portion for the small break and a larger one for mid-day break. Water is also a very important part of lunch and a balanced well nutritional diet. Please provide your children with lots of plain water to keep them hydrated throughout their school day.

Below is an optional list which may be provided to your son as lunch:

1. Fresh salads with pasta or rice or couscous and plenty of fresh raw vegetables.
2. Brown bread rolls with lettuce, ham, cheese or simply tuna or smoked salmon
3. Whole meal pitta bread or wraps with any filling of your choice (steamed vegetables or a mix of raw vegetables can also be added)
4. Fresh fruit or fruit salad
5. Fruit yoghurt (chocolate yogurt is not allowed)- this can be added to a bowl of whole grain cereal.
6. Home-made cereal bars which are healthy and have a controlled sugar content.
7. Whole wheat crackers

8. Dried fruits as a healthy snack.

The College is aware of the possibility of food allergies within the school population, nut allergies in particular. We strongly suggest that students with allergies inform us on the matter. Other parents are asked not to send any lunches which may cause allergies such as nuts to help us safeguard the well-being of all students.

What should not be given as lunch?

- Peanuts and peanut butter (due to allergies)
- Crisps or other packets
- Chocolates/ cakes/ doughnuts/ pasties
- Sweet, gummies, gum, lollipops
- Fizzy drinks/ energy drinks/ juices
- Milk

Presently in Emanuel Drive students can find the canteen/tuck shop to assist with this Healthy Eating Programme we are encouraging. Food options available at the tuck shop are all in compliance with the Healthy Eating Policies set up for students in schools around the Maltese Island. All items are very well priced and of the freshest quality.

We, as part of the Lasallian community understand that we are to set an example for our students alike. So as a prospective to reach our aim of Healthy living will be working together- staff and students together to bring our well-being first and making it most important!
